Exclusive lecture by Tristram STUART Uncovering the global food scandal

Food supply as a percentage of nutritional requirements vs GDP

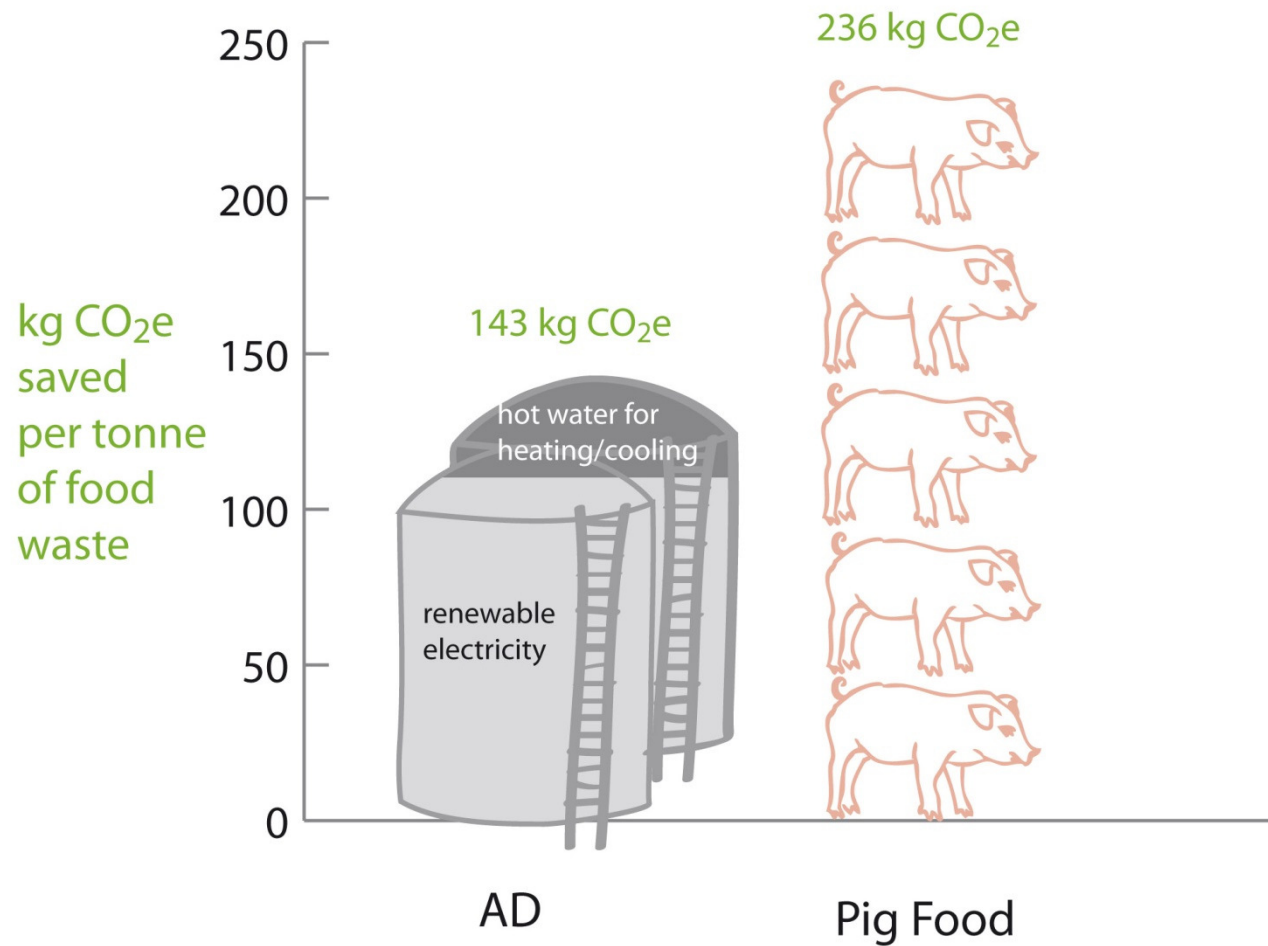

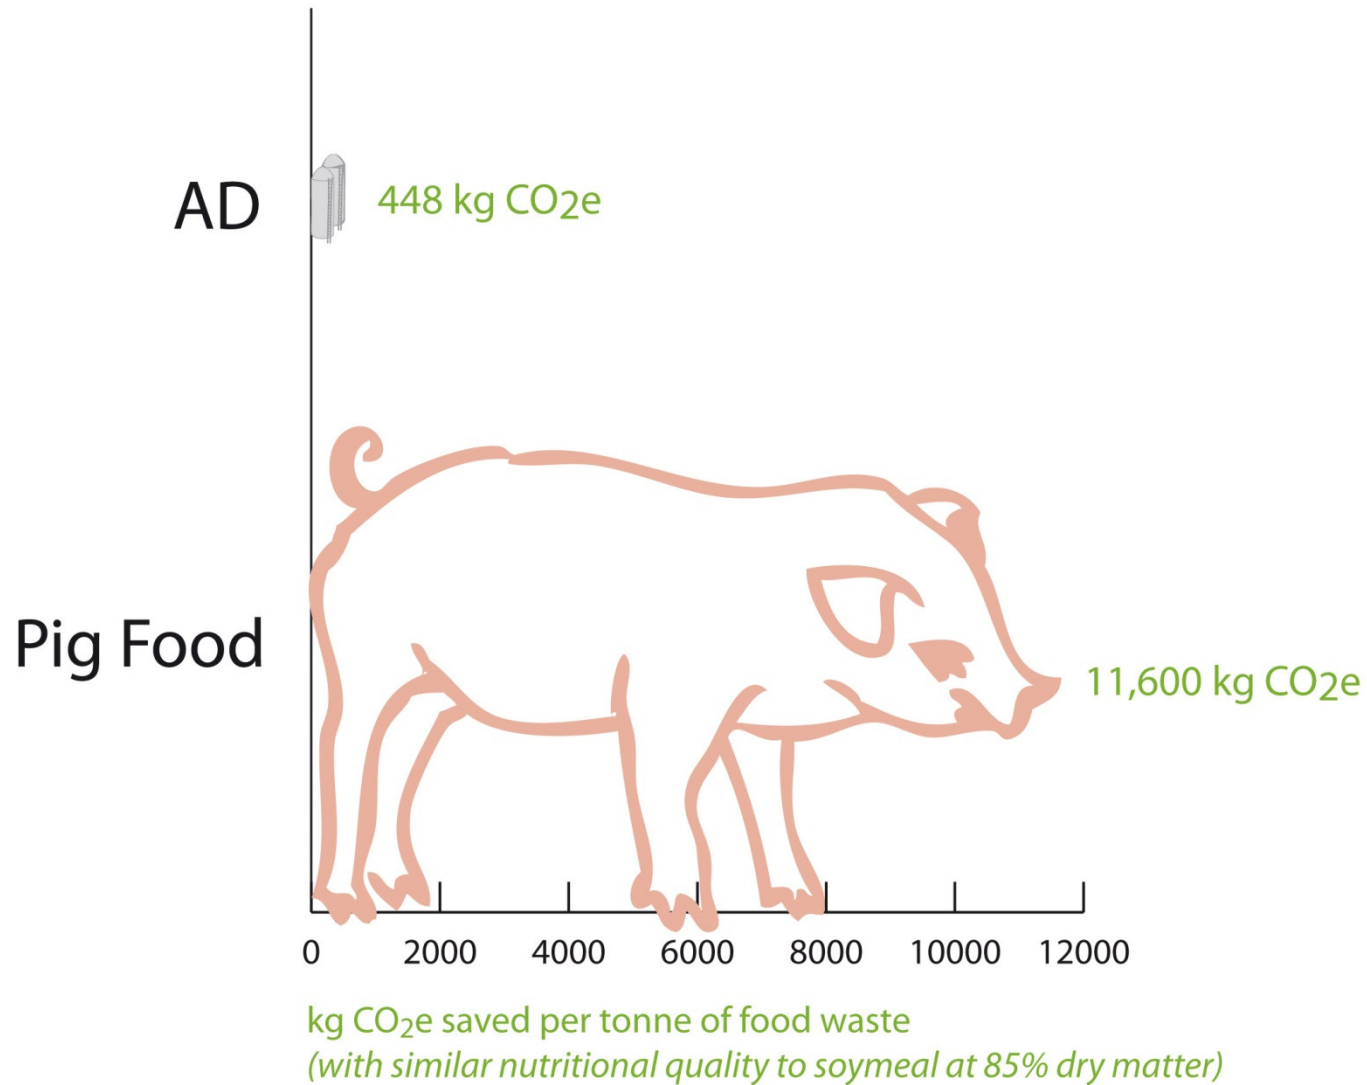

CO₂ savings from feeding waste food to Anerobic Digesters and to pigs

CO₂ savings from feeding waste food to Anerobic Digesters and to pigs
- taking into account land use change to produce soymeal
- impact of deforestation spread over 20 years worth of soy harvesting

We want your
KITCHEN WASTE

KEEP IT DRY, FREE FROM GLASS, BONES, TINS, ETC.
IT ALSO FEEDS POULTRY... *YOUR COUNCIL WILL COLLECT*

THE P3G IDEA

LET THEM EAT WASTE
